

Dear workers and residents at Our Lady of Peace,  
My family and I are sending lots of love and prayers to you during this hard time. I hope you are all doing well. My heart goes out to the residents who are not allowed to accept visitors or see their families. I hope you are all staying strong and finding the beauty in everyday things. I would also like to send my thanks to the workers, who come in every day during this hard time and do their best to comfort and support the residents. You are all so important and I hope that on your bad days you can think of this letter and feel appreciated.

Sending love + hope,

Megan, a senior at  
Niagara Wheatfield
